www.kelleybees.com

It was the night before
Christmas and all
through the hive not an
insect was stirring not
even a mite

It was just the keeper
trying to put up some
lights, who fell from
the roof, on this cold
winters night

But the keeper he
was, a right jolly old
elf, and he laughed at
his plight, in spite of
himself

"FROM OUR FAMILY TO YOURS"

Wishing you the most joyous of holi-
day seasons!

The Bees settled down
for their long winters
nap, with the queen in
the center, which her
daughters did wrap

He had managed to
land, head down in
the snow, with his
feet in the air, and
the hard ground be-
low

He had a round face
and a round belly,
and it shook when he
laughed, like a bowl
of royal jelly

May the new year bring peace and
prosperity to you and your family.

And may all of your holiday wishes
come true.

When out on the lawn
there arose such a
clatter, the guards
sprang from their
beds to see what was
the matter

The bees they did
laugh, because when
he arose, his hair
and his beard were
all covered in snow

They heard him ex-
claim "For all was
alright—Happy
Christmas to all &
To all a good night!"
